

METAL BLADE RECORDS FTP PC/WINDOWS INFORMATION

In order to access the Metal Blade Records FTP, you need to install a FTP client on your computer. This will allow you to access our information and files in an easy and secure manner. There are numerous free applications available, but we recommend **FileZilla**.

To download and install **Filezilla**, please follow the link below:

<http://filezilla-project.org/download.php>

Download and install the file titled **FileZilla_3.2.0_win32-setup.exe**

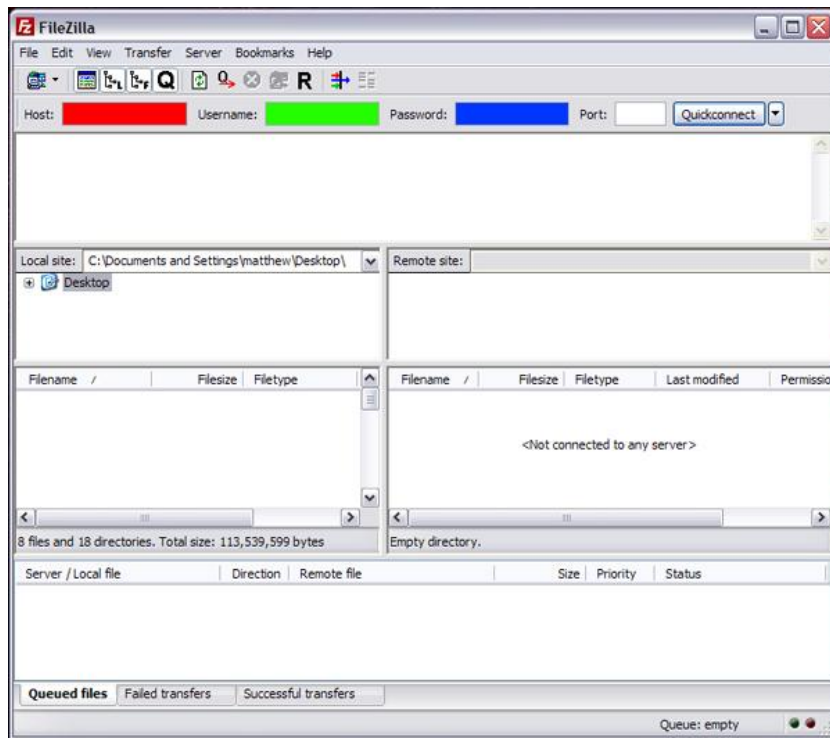

Open the program, and enter the login information provided to you:

Host: **ftp.metalbladeftp.com**

Username: **\$\$\$@metalbladeftp.com**

Password: **\$\$\$**

\$\$\$ - Denotes specific information provided for your individual account

RED AREA: Enter Host Information

GREEN AREA: Enter Username

BLUE AREA: Enter Password

Once you have entered all the correct information, hit the “Quickconnect” button. Our FTP will appear on the right half of the screen, and your local desktop will appear on the left. Browse through the FTP, and simply drag-and-drop any files you need.
